

## YTA DRAMA TASKS 04.07.20

### TASK

This week we went 'Around the World' with YTA online.

For your task this week, we would like you to choose a country, city or continent of your choice to research. This could be a place that you are from or somewhere you have visited or would like to visit or just a place that interests you.

Once you have decided on a place, we would like you to choose to create and then present one of the following which relates to your chosen destination:

- Poster
- Fact file
- Short Film
- Painting / Drawing / Artwork
- A dance or sport
- A song or piece of music
- Something delicious to eat
- A poem
- PowerPoint

Remember to send in your presentation videos to us at YTA, explaining your chosen place and showing us what you have found out or created. We can't wait to see them!
